CHANGE TO READ:

ARTICLE IV-OFFICERS

Section 2. The President, First Vice-President, Second Vice-President, Secretary and Treasurer shall be elected at the annual conference **on every even numbered year.**

ARTICLE VIII-BOARD OF DIRECTORS

Section 2. The District Representatives shall be elected at caucuses of members of each of their districts respectively per Section 1. The caucuses will be held at the annual conference of the Association **on every odd numbered year.** Each District Representative shall serve a two year term.

BACKGROUND:

Identifying the numbered year of each election and appointment of the Board of Directors puts the Association on a regulated cycle. On each even numbered year the Executive Board positions will be up for election and on each odd numbered year the District Representatives will be appointed, both being the beginning of a (2) year term. By each changing in different years, it ensures that the entire Board of Directors are not entirely new in any given year.
